1. Brief Description of Proposed Item:

The PIT Coordinating Committee has met and determined the Methodology and Dates for the 2023 PIT Count.

The 2023 PIT Count will conduct a full Census count, meaning we will attempt to make contact with every person experiencing homelessness, conduct a brief interview and survey with them, and collect the needed information directly from the individual.

HUD gives more attention to communities that conduct full censuses.

The night of the count will be **Thursday, January 26th**.

We will conduct the Sheltered count on the night of the 26th, and the unsheltered count during the days of January 27th, 28th, and 29th.

2. Date of Leadership Council Meeting:

October 11th, 2022

3. Proposed Committee Resolution:

Approve the methodology and dates for the count as proposed by the PIT Coordinating Committee.

A WAY HOME FOR TULSA

Request for CoC Leadership Council Committee Agenda Item

1. Brief Description of Proposed Item:

Data Sharing Request from the City

The Mayor's Office at the City of Tulsa has formally requested data collected for the by-name list, except for personally identifiable information, be sent electronically to Travis Hulse, Housing Policy Director, on the 1st business day of each month starting November 1, 2022. This request includes a summary of individuals by sub-population groups, including total, rapid re-housing, chronic, family, youth, and veteran. Additionally, all unique individuals with the accompanying non-personally identifiable information.

The City of Tulsa Mayor's Office will use this information to more clearly understand the specific needs of those experiencing homelessness in Tulsa and enhance the ability of various city departments and the administration to better align public programs and resources as active members of A Way Home For Tulsa.

What is the by-name list?

The by-name list is a comprehensive list of every person in a community experiencing homelessness, updated in real-time. Using information collected and shared with their consent, each person on the list has a file that includes their name, homeless history, health, and housing needs.

Clients can be on multiple sub-population lists, depending on their unique situations and characteristics. It is possible to be on the main list but not on any of the sub-population lists.

2. Date of Leadership Council Meeting:

October 11th, 2022

3. Proposed Committee Resolution:

Approve the City of Tulsa's request to share a de-identified by-name list with the Housing Policy Director monthly. This report will include the following de-identified data: familial status, days on by-name list, disability status, homelessness start date and experience, current living situation, vulnerability assessment information, gender, primary race, secondary race, ethnicity, veteran status, eviction history, history of domestic violence/survivor, juvenile justice system involvement, child welfare/foster care involvement.
